Below is a list of guidelines for your weekly trash service:

- All trash must be in trash bags. We will pick up out of trash cans as long as everything inside of the cans is in trash bags. The bags must be placed roadside by 7:30 a.m. on your day of service. The driver can come through anytime after that and his timing may vary from week to week.
- There is a six (6) bag limit per week (33 gallon bags) with a maximum weight of 30 pounds per bag.
- Only normal household garbage can be picked up –i.e. no brush, wood products, lumber, sawdust, grass clippings, construction/remodel debris, roofing/building materials, metal, bulky items (tires, furniture, appliances, carpet, etc.), liquid waste (oil, paint, grease, etc.), hazardous waste (car batteries, pool chemicals, etc.) Any boxes must be flattened and bundled with string or rope.
- Service is prepaid quarterly. To begin service, we need to receive your first quarter's payment along with the name you want your account under. Your physical address, your mailing address, the county you are in and the phone number.
